

CHECKLIST CALFAIR PHOTOS

PHOTO REQUIREMENTS

Front of Home Photo

- Clear View: Ensure the photo clearly shows the front of the house.
- Visible Address: If the house number isn't visible on the house, include a separate photo of the address.

Back of Home Photo

- A clear, complete view of the house's back is necessary.

Home Sides Photos

- Both sides of the house need to be photographed to give a full perspective.

***Photos cannot be taken from an online source (i.e. Zillow). They must be taken with a cellphone due to the built-in timestamp.*

ADDITIONAL PHOTOS

Other Structures:

- Photos of any separate structures like detached garages, barns, or gazebos are important.

High-Value Homes:

- For larger homes, around 8 to 10 photos from all angles, including any extra structures, are required.
